Merry Christmas and a happy and healthy New Year from the team at MWE!

Get ready for flu season with our Virocult® product range

Most of us take time off during the festive season, unlike the flu virus. Flu surveillance, early diagnosis and strain detection are all key factors in minimising the risk of spread and offer the greatest chance of preventing an epidemic.

Order before 9th December 2013 to ensure your stock levels are well maintained for the flu season, and have peace of mind this Christmas!

Ordering couldn't be easier!

Medical Wire has a wide range of virology products for all your requirements. Click on each link for further information regarding [Sigma Virocult](#), [Sigma VCM](#) and [Flocked Swabs](#).

To guarantee your stock contact our order desk:
Call: 01225 810 361 (option 1)
Fax: 01225 810 153

For quality, reliability and excellent service choose Medical Wire for all your microbiology and virology requirements.

Last orders for 2013!

Plan ahead! Medical Wire will be closed for business from 5pm on 20/12/13 until 02/01/14. Check your stocks and order before 9th December to guarantee delivery before Christmas!

MWE and Social Media

If you would like to receive regular information regarding our new product developments and enhancements, events and industry news, join us on our social network sites!

In the past you provided MWE with your email address. Occasionally you will receive brief advertising announcements regarding special items and services. If you no longer wish to receive these advertisements please click unsubscribe to be removed from this mailing list.
